

**Task 3.** What is the exact number of Washington DC's representatives and Senators in the US Congress? (2pts)

The number is zero

**Task 4.** Mention the officials who can preside over the Senate Sessions. Your choice for each official needs to be justified. (3pts)

- 1) The Vice President / Justification: by the force of the Constitution.
- 2) The President pro-tempore /Justification: when the Vice President is absent.
- 3) The Chief Justice/ Justification: when the president is impeached

**Task 5.** Using your own words, would you explain the statement below. (5pts)

In the USA, the Senators are elected for a six-year term, despite the fact that one third of the members are chosen every second year.

You explain the equation which leads to the replacement of one third of the Senators every second year despite the fact that they are elected for a six-year term.

In other words, the classification of the FIRST SENATE ELECTION, during which the first class served for TWO years, the Second class for FOUR years, and the third class for six years. It was the first categorization (two, four, six), that enabled all the Senators to serve a six-year term.
