Education and Scientific Research

It's with great pleasure that I am submitting my application for stipendium Hungaricum playazat to begin sptemeber 2017. I'm currently studying mechanical engineering at university of Hama Lakhdar El oued Algeria with a great interest in the mechanic engineering and it s an amazing filed of science i am so intersting of that type of studies .

To me continuing my education is crucial because i want to be a student in one of your universities the greatest in the world with perfect possibilities to study with all my efforts and and give all what I have to the science especially with my interest in mechanical engineering I wish to keep improving on my skills I can learn anything so easy without make my biggest efforts and also I can learn so easy your language I m intersting to learn it so much I wish if i can learn it there with my hungarian friends , I want to be an engineer in that speciality and help the humanity to creat professional mechanical pieces and vechicules can protect the human from any dangerous but I prefer to to start that dream from hungary with it s professors and the big possibilities which you are giving it for the studentes to have knowledge

I have recently gained experience within motor of indirect combustion by going to the company in my city and this opportunity showed me how we can creat a motor and open it and what s the compositions of it and also the plan of working it was really so amazing and so intersting .

It would be an honour to be a part of the departement of mechanical engineering at your universities as i have seen all the work they have done and i'm especially impressed by the culture of the hungarian people and how they accept the other cultures and support the reseachers scientifics and imports the intelligentes people from over the world for the developpement of science and use it to protect the humanity . I love hungary and the culture and i really love that people . but i also want to be a member in any university in community and get involved with all the great work that you do .

I'm appreciate you taking the time to look over my application and enclosed documents do not hesitate to contact me if there is any further information that you need i look forward to being in touch with you .
