		Coef : 01 Crédits : 01

Programme	Nombre de semaines
<p>Objective:</p> <p>The English syllabus consists of the following major parts. Sample texts are used to let students acquainted with both Scientific and Technical English as well as for both scientific and technical vocabulary and grammar acquisition.</p> <p>The texts are selected according to the vocabulary built up, familiarization with both scientific and technical matters in English and further comprehension. Each text is therefore followed by a set of vocabulary concepts, a set of special phrases (idioms) and comprehension questions.</p> <p>There is also a terminology which means the translation of some words from English to French one. Besides, the texts are followed at the end by a translation of long statements which are selected from the texts.</p> <p>Program Content:</p> <p>A. Phonetics:</p> <ul style="list-style-type: none"> • Pronunciation of the final (ed) • Silent letters : definition, spelling + pronunciation of each letter <p>B.
