

ECHAHID HAMMA LAKHDAR UNIVERSITY OF ELOUED

INTERNATIONAL CONFERENCE ON ELECTRICAL ENGINEERING

ICEE 18

17-18

DECEMBER 2018

Honorary chairman

Pr FERHATI Omar, Rector of Hamma Lakhdar University of Eloued , Algeria.

General chairman

Pr. OUAHRANI Mohamed Ridha, Dean of TECHNOLOGY Faculty of Hamma lakhdar University of Eloued, Algeria.

Chairman :

Dr. LAKHDAR Nacereddine, University of Eloued, Algeria.

Co-chiarman

HETTIRI Messaoud, University of Eloued, Algeria

Program chair

Dr. TIR Zoheir, University of Eloued, Algeria..

Organizing committee chair

HIMA Abdelkader, University of Eloued, Algeria.

Industrial relations chair

Dr. CHEMSA Ali, University of Eloued, Algeria.

Organizing committee members

ALLAG Meriem
ALLAG Nassiba
BABA ARBI Idris
BEKAKRA Youcef
BOUGOUFFA Lazhar
BOULILA Mohamed
CHENNOUFI Hakim

Objective :

The International Conference on Electrical Engineering (ICEE'18) provides a forum for researchers, academicians, scientists and industrial professionals around the world on recent developments on Communications and Electrical Engineering. The conference consists of keynotes, oral sessions and poster presentations. Considered as a catalyst for research works, the ICEE'18 publishes the best presented papers in partner journals.

Call for paper

Authors are invited to participate in the Conference by presenting a paper within the delineated framework. In addition to the main topics, papers on other important subjects of the central Conference themes will be considered for the inclusion in the Scientific Program. Authors interested in submitting a paper are kindly requested to prepare a synopsis of three to six A4-pages in IEEE template.

Acceptance will be based on quality, originality and relevance. Contributions should be original and not published elsewhere or submitted for publication during the review period.

Topics

Renewable Energy

- Solar cell new technologies
- Renewable energy system
- Renewable energy devices

Communications :

- Communication Systems
- Image, Speech and Signal Processing
- Wireless Communications
- Optics and wireless

Electrical systems

- Semiconductor Devices
- Power Systems
- Electrical Machines and Control of Electrical Systems

High Voltage Engineering

Electrostatics, Breakdown, Discharges, Streamers, Cold Plasmas, Electrical conduction in dielectrics, Space charge, Electrostatic hazards, Electrostatic Processes, Electromagnetic Compatibility

Hydrogen energy

Production, storage, transmission, utilization, enabling technologies, environmental impact, economic and international aspects of hydrogen and hydrogen carriers such as NH₃, CH₄, alcohols

Selected best papers

Best selected and presented papers will be submitted for possible publication in journals.

Sponsor and Exhibition

An exhibition on electrical engineering applications and communications will take place during the conference. The sponsors will have stands for presenting their products. The program of ICEE'18 will devote a free time to visit the stands. For further information, please contact us by email.
